## EXECUTIVE SUMMARY

Experienced full-stack developer with expertise in Angular and ASP.NET framework, extended reality, game development, software development, robotics, and AI/ML. Holds a **National Diploma in Information Technology** with specialization in Intelligent Industrial Systems. **Certified in cybersecurity, Extended reality, and Microsoft AZ-900.** Objective: Seeking a challenging role in IT to apply diverse skills and contribute to innovative projects in a dynamic environment. Contribute to cutting-edge technological advancements.

## WORK EXPERIENCE

### FULL STACK DEVELOPER (Hybrid)

07/2023- 07/2024

Gauten, Randburg

At Softelsie, I worked as a full-stack developer, focusing on developing web applications using Angular, React and ASP .NET framework. I contributed to projects such as Squatta, a web app designed for accommodations and Ticketing, that enabling doctors to manage their patients.

### GAME DEVELOPER

02/2022 - 02/2023

Noordwyk, Midrand

During my time as a learner and intern at the Centre for Digital Transformation and Innovation Africa (CXI-Africa), I engaged in hands-on learning and practical application. I gained valuable experience in modeling 3D objects using Blender, creating animations, and developing VR and mobile games.

## SKILLS

- Programming languages: (C++, Python, C#, Java script and PLC)
- Full stack development, Angular( HTML, Typescript, CSS), ASP.NET Core and MySQL
- Intelligence Systems (Controllers, Artificial Intelligence, Robotics)
- Game design and programming
